Access into Injectables (Fast Track Course)

We are accredited by CPD and a training partner of Insync Insurance working to increase training & learning standards for students moving into Aesthetics.

Our fast track course is designed to train students to understand and perform injectable treatments safely and gain the dexterity and knowledge needed to practice injectable aesthetics such as Dermal Fillers and Botulinum Toxin (BOTOX®) to a high standard.

Students will receive peace of mind that, on successful completion of the Fast Track Course they will be able to obtain aesthetic insurance through Insync Insurance.

Pre-requisites:
Subject to proof of your active licence to practice in the UK, we accept the following professions onto this course – Doctors, Nurses, Dentists and Non-medics (Industry beginners & Beauticians).

No previous qualifications are required to attend this course.

Please note: All courses in this package must be completed within 12 months of enrolment.

Course Accreditation:
All our Training Courses are CPD Accredited. On completion you will receive recognised Certification.

Qualification Attained:
Diploma Certificate in: Anatomy & Physiology Level 3; Dermaplane Facials; Chemical Skin Peels; Micro-needling and a Diploma Certificate in Injectables for Aesthetic Medicine Vitamin B12.

On completion of the above courses you will hold sufficient qualifications to undertake Injectable Aesthetic Courses i.e. BOTOX® & Dermal Fillers.

Course Duration:
4 Days + Home Study Workbook

Pricing Breakdown
Package Price: £1596+VAT
Booking Fee: £995
(non-refundable and non-transferable)

Please note: The remaining balance of £920.20 split into 4 payments of £230.05. Due 2 weeks prior to each course date by either Cash/Paypal or Bank Transfer.

Course Agenda

- Home study Workbook to achieve Anatomy & Physiology Level 3 certification
- ½ Day Dermaplane Training
- ½ Day Chemical Skin Peel Training
- ½ Day Micro-needling Training
- ½ Day Vitamin B12 Injection Training

Anatomy & Physiology Level 3

This is a comprehensive home-based training course designed to enable you to understand the Anatomy and Physiology of the human body.

Course Content

- Muscular System
- Circulatory System
- Lymphatic System
- Central Nervous System
- Autonomic System
- Skeletal System
- Digestive System
- The Skin
- Assessment Exam

Pre-requisites:
No previous qualifications are required to complete this course.

Course Accreditation:
All our Training Courses are CPD Accredited. On completion you will receive recognised Certification.

Qualification Attained:
Diploma Certificate in Anatomy & Physiology Level 3

Course Duration:
Home Study (up to 60 Hours)

Pricing Breakdown
Price: £99+VAT

The balance of £118.80 is due on the day of booking by either Cash/PayPal or Bank Transfer.

1:1 Skill Refinement Day

This course is specifically designed to enhance and refine the skills of practitioners who hold an injectable qualification but lack confidence in their practice.

The day will be tailored to focus on ONE particular treatment i.e. BOTOX® or Dermal Filler.

We aim to enhance skills, perfect technique & grow confidence.

Course Agenda

- Live Demonstration by course Tutor
- Supervised practice on up to 4 Live Models (completed by Delegate)
- Q&A Session – Evaluation, Feedback & Certificate of attendance
- Training Support Group and option for enrolment
- Ongoing support & guidance

Pre-requisites:
We accept the following professions onto our courses – Doctors, Nurses, Dentists and Non-medics.

Students must already hold an injectable qualification in the area of practice they would like to refine.

Course Accreditation:
We are a CPD Accredited Training Provider.

Qualification Attained:
Certificate of attendance will be issued on the day of training.

Course Duration: ½ Day (4 Hours)

Pricing Breakdown
Price: £499+VAT
Booking Fee: £200
(non-refundable and non-transferable)

Please note: The remaining course balance of £398.80 will be due 2 weeks prior to your course start date by either Cash/PayPal or Bank Transfer.

1:1 Shadowing Day

The shadowing day will provide the opportunity to observe our Advanced Aesthetic Nurse Practitioner Jamie and see the ins and outs of a typical day in a non-surgical aesthetics clinic.

During this day, you will see up to 20 clients and be able to discuss cases and ask questions.

This day is perfect for individuals who are considering a career in aesthetics or for any injector keen to observe more procedures as part of their own learning.

Shadowing presents many benefits which provide unique and positive learning experiences:

- The opportunity to observe every step of the treatment process, including offering aftercare advice to patients.

- Building confidence in a clinical setting with the help of an expert injector.

- Learning how to advise patients on the most appropriate treatments, offering alternatives, and tailoring treatment recommendations to patients' budget, suitability and available downtime.

- Developing a working understanding of how paperwork is completed and utilized in a real clinic.

- Having one to one time with advanced nurses to pose your questions about each step of the process.

N.B. the shadowing day will not involve any injecting for participants; it is an observation day only.

Duration: 1 Day (up to 8 Hours)

Pricing Breakdown
Price: £399+VAT
Booking Fee: £200 (non-refundable and non-transferable)

Please note: The remaining balance of £278.80 will be due 2 weeks prior to your course start date by either Cash/Paypal or Bank Transfer.

DMP Service

Are you looking to enrol onto a V300 University Prescribing course?
Do you require a Practice Assessor & Supervisor to support and direct your practice hours?

WE CAN HELP!

Our NMC registered nurses/independent prescribers have over 15 years combined experience within the Aesthetic Industry. Their wide support network and close links with many universities over the last few years has enabled them to support many students to successfully complete their V300 courses.

What support will be given? Support provision?
Provision of support:

- Our learning programme will provide opportunities for the trainee to meet their learning objectives and gain competency in prescribing.
- Learning will be facilitated by encouraging critical thinking and reflection.
- Dedicated time and opportunities will be provided for students to observe how we conduct consultations with patients and develop management plans.
- Opportunities will be provided for the student to carry out consultations and suggest clinical management and prescribing options.
- Structured support systems are in place to ensure students are able to integrate theory with practice.
- Opportunities will be provided to allow in-depth discussion and analysis of clinical management using a random case analysis approach.
- We work in collaboration with other support systems for students including personal tutors and also network with other medical professionals.
- We assess & verify that, by the end of the course, the trainee is competent in their practical ability to assume the prescribing role.

Pre-requisites:
All students must satisfy one of the current professional entry criteria for entry to the University Non-Medical Prescribing programme:

- Nurses must meet the NMC (2018) requirements for independent/ supplementary prescribing.
- HCPC registered physiotherapists, podiatrists, paramedics and therapeutic radiographers must meet the AHPf (2018) requirements for independent/ supplementary prescribing.

The requirement that paramedics be working at the advanced practice level or equivalent is, therefore, crucial to admission to University prescribing programmes.

- HCPC registered diagnostic radiographers and dietitians must meet the AHPf (2018) requirements for supplementary prescribing.

Duration: Option to complete 45 or 90 Practice Hours

Pricing Breakdown:
45 - 90 Hours: £2100+VAT
(Flexible dates and times available to complete required hours)

(Please note: The prices quoted above are for practice hours only. University course fees are additional and should be arranged directly with the University)

Payment Required in Full
(NB: non-refundable and non transferable). Payments can be made by either Cash/ PayPal or Bank Transfer. If you have any further questions, please feel free to contact us:

Tel: 07548 867428
Email: info@synergy-aesthetics.co.uk

QUALIFI Level 3 Award in Basic Life Support & Management of Anaphylaxis

This course covers both Practical and Theoretical aspects of Basic Life Support + Management of Anaphylaxis.

It has been designed by experienced Nurses to provide knowledge, understanding and confidence for independent practice.

We limit class sizes to 2 students maximum to allow 1:2 tuition.

We can also provide 1:1 tuition – available on request.

Private group sessions are also available on request.

Pre-requisites:
Entry to the qualification will be through a centre interview.

Learners must be aged 18 or over.
There are no other pre-requisites for this qualification.

Learners should be able to work at Level 3 and above.

Learners must demonstrate first aid procedures as part of their assessment, as they would in a real work environment, including providing CPR to a casualty on the floor. Therefore, learners must be physically capable of performing CPR on the floor.

Learners must have sufficient command of the English language to understand and undertake the recommended assessment methods for this qualification.
